### STEPHEN'S STORY & OUR GOLF EVENTS

FDNY, STEPHEN SILLER

On Sept. 11, 2001, Stephen Siller, a 34 year old fire-fighter, took his final heroic steps as he ran with his gear through the Brooklyn Battery Tunnel (Now Hugh Cary Tunnel) to the World Trade Center to help save others. Thousands of lives were saved that day, but this was not to be Stephen's destiny.

On that tragic summer's day, 9/11/01, Stephen had just completed his scheduled tour with the FDNY, and was traveling to meet his brothers to play a traditional round of golf. However, he decided to go back and help others, and unfortunately, the innocence of an entire nation died that day.

The NYC 5K RUN & WALK traces the footsteps he took on that fateful day. In running along his path, the 15th annual run on September 25th not only honors Stephen, but also his 342 firefighter brothers and all 2,977 innocent people who perished on 9/11.

New Jerseyite Aaron Alonso was severely injured in Afghanistan on February 8, 2014. He is still recovering from his wounds, so his *Smart Home* will help him have the quality of life he so richly deserves.
