STEPHEN SILLER

On Sept. 11, 2001, Stephen Siller, a 34 yr. old fire-fighter married with 5 children, had just completed his scheduled tour and was traveling to meet his 3 brothers to play a round of golf. Reacting to the attack at the World Trade Center on his pick-up truck's scanner, Stephen ran with his gear through the Brooklyn Battery Tunnel to the World Trade Center to help save others. Thousands of lives were saved, but unfortunately Stephen never emerged from the wreckage.

The emotional NYC 5K RUN & WALK traces his footsteps. The Run on September 27th, commemorated the 20th Anniversary of 9/11 to not only honor Stephen, but also his 342 firefighter brothers and the 2,800+ who perished on 9/11 and those who are still succumbing from 9/11 complications.
