HONORING

Cole Hauser

American actor Cole Hauser has had a long and impressive career. He currently stars as Rip Wheeler on Paramount Network's hit television series, *Yellowstone*.

Cole is committed to helping military and first responder families and is an extraordinary supporter of the Tunnel to Towers Foundation.

He has been involved in multiple Tunnel to Towers PSAs and television specials. Most recently, Cole ran alongside our program recipients at the 22nd Annual Tunnel to Towers 5K Run & Walk in New York City.

Cole lives outside Los Angeles with his wife, Cynthia Daniel, and their three children.

The Tunnel to Towers Foundation is proud to call Cole a friend as we work side by side in our mission to provide mortgage-free homes for our nation's veterans, first responder families, and Gold Star families.

HONORING

SouthPoint Capital

SOUTHPOINT
CAPITAL ADVISORS LP

Southpoint Capital Advisors, LP is a New York based hedge fund investor.

A longtime partner of the Tunnel to Towers Foundation, Southpoint has provided annual funding and hosted various events in support of the Foundation's programs.

Southpoint has been instrumental in providing mortgage-free homes to our nation's veterans, first responder families, and Gold Star families.

Their continued support and friendship has helped Tunnel to Towers change countless lives.

Let Us Do Good

In 2001, the Tunnel to Towers Foundation was started in honor of all the lives lost and the heroic sacrifices that were made on 9/11.

Tunnel to Towers promised to Do Good and Never Forget, and the Foundation has kept that promise.

The Foundation's In the Line of Duty and Never Forget Programs honor military, first responders, and their families. Tunnel to Towers builds specially adapted smart homes for catastrophically injured veterans and first responders, provides mortgage-free homes to fallen first responder and Gold Star families with young children, and provides housing to homeless veterans across the country.

By the end of 2023, the Foundation will have provided a total of 1,200 homes to date across all programs.
